

Now Offering: Drug & Alcohol Assessments

Taking the first step toward recovery starts with understanding. At STR Behavioral Health - Lehigh Valley, our confidential drug & alcohol assessment provides individuals with clarity about their substance use and personalized recommendations for treatment.

What to Expect:

Our licensed professionals conduct an in-person assessment to evaluate:

- **Substance Use History:** Patterns, frequency, and duration of drug and alcohol use.
- **Mental Health Evaluation:** Screening for co-occurring conditions like anxiety or depression.
- **Impact on Daily Life:** How substance use affects relationships, work, and overall well-being.
- **Treatment Recommendations:** Individualized suggestions, including outpatient counseling, residential treatment, or support groups.

Important Information:

- By appointment only. Call **855-675-1545** to schedule.
- Please bring a photo ID.
- Cash or credit card payments are accepted.

This assessment is designed to provide a clear path forward, ensuring individuals receive the appropriate care and support for their recovery journey.
